Some jobs are just too tough for your average fast-talkin' high-tech gun-for-hire. Sometimes...to get the job done right...you need someone crazier than a sack'a ferrets. You need Wade Wilson. The Crimson Comedian. The Regeneratin' Degenerate. The Merc with a Mouth...

DEADPOOL

Deadpool: Official Space Bounty Hunter A-Number One! At least that was the plan...Wade ventured out in the vastness of space to assure his legacy as the best of the best in the world of guns for hire. He had a leg up, having already offed the previous champion mercenary, Macho Gomez. In fact, he launched into the unknown in Macho's spaceship, took over Macho's job, and married Macho's space wife. After a huge victory (he killed a planet), Deadpool realized the big problem...space is boring. So, he grabbed the nearest space-car and set a course for the good ol' planet-of-his-birth, the Earth.
